ABOUT LIVVOUGE

Design that starts with *how you live*

We started Livvouge with a simple belief: beautiful interiors shouldn't be complicated. Homeowners deserve clear designs, honest pricing and one team that takes responsibility from the first sketch to the final handover.

Our name brings together *living* and *vogue*: style that is meant to be lived in. Every project balances looks with function, with storage where you need it, materials that last and lighting that makes each room feel right.

MODULAR KITCHENS

The heart of the home, *made to measure*

Designed around how your family cooks, with a short work triangle, soft-close hardware and moisture-resistant carcasses that stay beautiful through years of steam and spice.

L-shaped · efficient and open to the dining area

U-shaped · maximum counter and storage for serious cooks

Parallel · two facing runs with a utility beyond

Island · prep, breakfast and entertaining in one

FACTORY-MADE MODULES · INSTALLED IN DAYS

WARDROBES & BEDROOMS

Rooms for rest, *a place for everything*

We plan hanging height, drawers, saree pull-outs, a locker and loft from your list, then pair the wardrobe with a headboard wall, dresser and soft layered light.

Sliding & hinged wardrobes · soft-close, with loft

Walk-in closets · open shelving, islands and mirrors

Hotel-style master suites · upholstered headboards, side pendants

Kids & study rooms · storage that grows with them

Acrylic | PU / Duco | Veneer | Fluted glass

THE LIVVOUGE FINISH

Crafted to be lived in, *for years.*

Luxury is in the details you touch every day: a drawer that closes in silence, an edge that never chips, light that falls exactly where you need it. We choose every material for how it looks on day one and how it holds up on day three thousand.

i **Built on strong boards**
BWP plywood and HDHMR carcasses that resist moisture and termites.

ii **Finishes you will love touching**
Acrylic, PU, natural veneer, fluted panels and textured laminates.

iii **Stone & surfaces**
Quartz, marble and Corian tops, with back-lit onyx for feature walls.

iv **Hardware that glides**
Soft-close hinges, tandem drawers, lift-ups and corner solutions.

v **Layered lighting**
Cove, profile and accent lights planned with the furniture layout.

vi **Factory precision**
Machine-cut, edge-banded modules for clean lines and tight joints.

HOW WE WORK

From first sketch to *move-in day*

01

Meet & measure

A free consultation and site visit. We understand your needs, lifestyle and budget, and take precise measurements.

02

Design in 3D

2D layouts, 3D views and material boards. Revise until you love it, then approve an itemised quote.

03

Build & install

Modular units are factory-made while our team handles site work. Weekly updates with photos.

04

Move in

Quality checks, deep cleaning and a walkthrough. You get the keys to a home that feels like you.

TYPICAL TIMELINES

30–45 days	1–3 weeks	Weekly
Full 2BHK or 3BHK, after design approval	Kitchen and wardrobes only	Progress updates with site photos
